## The Hub

GOOD  
ONTARIO  
CHEESE

### A NEW SOAP DEAL—a good one, too.

Two boxes of LUX and two carboys SUNLIGHT SOAP with a WEAREVER Aluminum Cake Tin, all for \$1.50. People tell us this tin alone is worth the money.

### SPECIAL IN BULK TEA.

50lb. only of bulk Black Tea. Regular price of this Tea is 65c. per lb. Clearing at 50c. a lb. Supply is limited.

### ROBIN HOOD RAPID COOKER.

15 packages of this cereal, cooks in from three to five minutes. This has not got the premium. Special clearing at 30c per pkt.

*J. R. Miller*

We want your EGGS & POULTRY.

## Mountain View.

The School Fair meeting was well attended. Mr. G. Holten from the O. S.A. was the speaker. Six schools have joined together to hold a School Fair at Mountain View Hall, Grand Center, Rosebud, Gore, Neapolis, Jutland and Huntcliff. If there are any schools adjoining would like to join up with this Fair we would be pleased to have them. The officers are: President, Mr. Geo. Burns; vice president, Mr. J. A. Cook; and secretary, Mr. H. Walsh. The school board of each district shall elect a representative from their district to act with these officers.

The Valentine Dance was very successful. Mr. Charles Dunkley won the gentleman's prize. Ladies' prizes were won by Mollie Pearson, Mrs. Ed. Barnes, and Mrs. Ernie Richardson. The large crowd appreciated the excellent music furnished by the Sunnyslope Orchestra.

Another dance will be held here on March 11th. Music by the same orchestra.

The Mountain View W.I. will meet in the Hall Saturday, Feb. 19th, at 2:30. The subject will be "Canadianization and National Events." A lesson on the Flag will be given by some of the pupils of the Gore school.

Mr. J. H. Anderson has been visiting his old neighbors in this community.

Miss Meldrum, teacher of the Gore school, spent the week-end at the Pearson home.

## Burnside.

Who was it went chasing rabbits with a car and ended up in a snow-drift?

The Lone Pine W.I. met at the home of Miss Winnie Spraggs on Thursday last. Miss Helen Pross read a good paper on "Agriculture." The next meeting will be at Mrs. Joe Clark's on the 10th of March.

The Burnside U.F.A. meeting has been postponed for one week and will be held February 21st, when it is expected two speakers will be present to speak on the Livestock Pool. Lunch afterwards.

Mrs. Charles Mardon has been very ill with la grippe. We are glad to hear she is much improved.

Mr. Noah Eckel lost a valuable horse last week.

Messrs. Joe Rist and Jim Reynolds spent Sunday at Alex. Lieper's.

Wedding bells seem to be ready to ring in our vicinity. Perhaps they will be loud enough by next week for all to hear them.

Mr. and Mrs. Tom Manville spent a few days last week with the latter's brother, Fred Boulton. Mrs. Boulton Sr. also spent over the week-end with her son and his family.

Nearly everyone has had la grippe in this part of the country this winter. We hope the epidemic is over and non one else takes it.

There will be a dance in the Lone Pine Hall on Friday, February 18th. Good music, and a good time assured to all.

## Westcott.

Florence O'Brien and Edith Murphy were at home on the sick list last week. ---

The Literary Club held its usual meeting on Friday evening. A short but interesting program was given after which all present took part in a spelling match.

Mr. and Mrs. Fred Snyder and family spent Sunday at the home of Mr. and Mrs. Harry Levagood.

Mr. and Mrs. Harry Steckley spent Sunday with Mr. and Mrs. I. H. Levagood.

John Hewins, veterinary surgeon has located at the Rosebud Hotel, Didsbury. All calls promptly attended to.—Advt.

## Something New? Yes!

You should see them. All fine new stock.

GINGHAMS. 27in. at 25c, 32in. at 32 1-2c, 36in. at 45c.

CHAMBRAY. 32in. in all shades at 30c yard up.

STEEL CLAD GALATEA. 28in., 3 yds. \$1.0

RAYON GINGHAMS. 36in. at 65c yard

TOWELLING. 25c to 45c yard

CINDERELLA CLOTH. 36in. at 45c yard

Come in and see these goods before they are gone. They will go fast.

**Coffee.** We have just made a good purchase of Coffee and can offer you a quality higher than any canned coffee. Freshly roasted and ground. TRY STUDER'S COFFEE, 65c pound in bulk.

We also have coffee at 60c, 50c, 45c a pound.

## New Holeproof Hosiery

Colors are inspired by Paris Creations of Lucile.

HOLEPROOF has sought color suggestions in Paris in the creation of the world's famous coutourie Lucile.

HOLEPROOF HOSIERY, already famous for its fine fold fashion standard, is now projected even higher in the scale of smartness by this color innovation. Lucile colors are to be found in Holeproof Hosiery exclusively. Come in to-day and see our advance display of new style shades. Prices \$1.00, \$1.50, and \$2.00.

**J. V. BERSCHT**

"Where Quality and Price Meet."

## A Deal in Furniture.

Having bought the Household Effects of Jas. Henderson I am offering them for sale this week, and solicit inspection.

Repairing and upholstering neatly done.

Expert picture framing.

**W. H. CHAMBERLIN, Furniture Dealer**

### "SO THIS IS LONDON"

Great Cohan Comedy Coming to Didsbury

By a quick move and the necessary enterprise, the Manager of the Opera House has secured the well-known Verna Felton and her clever company, the same which played the Grand Theatre, Calgary, on their way east last fall, and in the Walker Theatre, Winnipeg, the week of December 27th last, in their record-making Geo. H. Cohan international comedy success "So This Is London," in which they will appear here on Saturday, February 26th only.

This is the same company which holds an All-Canada theatrical record for long runs, when they played this comedy for ten solid weeks in Vancouver to over 106,000 people, surely a sufficient guarantee as to the excellence of the performance.

It is just such companies as this which deserve the unqualified support of our theatre-goers, in order to encourage the coming of others of the same high calibre when, as in this case, an open date, and a convenient stopping place—together with a good sized stage—enables the local management to secure them. And it is also well to notice that the prices charged here are no higher than in the large cities, with their much larger seating capacities. A packed house should welcome this clever company.

### Notice for Nominations for Elections

Municipal District of Mountain View No. 310  
Municipal Elections, 1927

PUBLIC NOTICE is hereby given that a meeting of the Electors of the Municipal District of Mountain View No. 310 will be held at the Agricultural School, Olds, Alta.

At one o'clock p.m. on Saturday, the 19th day of February 1927, for the discussion of the affairs of the district; and that from three o'clock p.m. to four o'clock p.m. on the same day and at the same place, nominations for the office of councillor will be received.

Three Councillors are to be elected.

Councillors are to be elected for the following electoral divisions:  
Division No. 1  
Division No. 2  
Division No. 3

Given under my hand at Didsbury this 5th day of February, 1927.

Hugh McLean,  
Returning Officer.

DIDSBURY

## "Worth its weight in gold" Says Ottawa Matron

Mme. Beatrice Charlebois could not hold pen to write. Nerves completely shattered, health ruined. Now alert, vigorous and strong, she gives praise to Tanlac

The two-year ordeal which she passed through before Tanlac came to her permanent relief, was recently described by Mme. Beatrice Charlebois, of 22 Rose St., Ottawa.

"What I endured in that time could not be told," she said. "I was so weak I could hardly walk. My appetite was poor and my stomach gave me no end of trouble. Gas and pains would bring on fainting spells.

"My nerves were so completely shattered that I jumped in fright every time the doorbell rang. My hand trembled so that it could not hold the pen to write my name. Night after night I've gone without sleep, too nervous to lie still for even a few moments. Even my housework became too much for me.

"I tried all kinds of remedies in those two years, but can honestly say Tanlac gave me my first real relief. It built me up so that I've gained 11 lbs., eat and sleep fine and have nerves as

calm and steady as ever. Tanlac is worth its weight in gold." Build up your health on Tanlac, nature's own tonic made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

## Home Owners vs. Renters

Among the many interesting and valuable reports issued by the Dominion Bureau of Statistics, the one recently made public containing an analysis of home ownership in Canada based on the last Dominion census is most instructive. It is likewise of an encouraging character indicating, as it does, that a fairly high percentage of Canadians own their homes.

According to the figures presented, there are 2,001,512 families in Canada, and of this number 1,239,150 own their homes, as compared with 762,362 living in rented houses. In other words, 62 out of every 100 families own their homes. As is natural, and to be expected, the percentage of renters is much higher in the cities, towns and villages than in rural districts, the respective figures being: Rural home owners 78½ per cent., to renters 21½ per cent; urban home owners 46 per cent., to urban home renters 54 per cent.

Little Prince Edward Island makes the best showing in the Dominion with 87½ per cent. rural, and 56½ per cent. urban home owners. This is an old settled portion of Canada and the population is of course, small in comparison with the other provinces.

It will be especially gratifying to the people of the prairie provinces to learn that this newer portion of the Dominion makes a strong showing. Although a young country where the people are really only beginning to become established, and to which the majority of immigrants make their way, more families already own their homes than is the case in the older provinces. Saskatchewan, the third province in Canada in point of population, follows closely after P.E.I. with 83 out of every 100 rural families and 56 out of every 100 urban families owning their homes, as compared with, say Ontario, with 76½ per cent. rural, and 54½ per cent. urban home owners.

Alberta comes a close second to Saskatchewan, 81½ per cent. rural and 49½ per cent. urban families being home owners. Manitoba shows 79½ per cent. rural, and 47½ per cent. urban home owning families.

The percentage of home owning families for all Canada would be much higher but for the fact that less than one-third of the families living in the cities and towns of Quebec own their homes. In Ontario, on the other hand, the artisans and workers in the big industrial centres appear to be purchasing homes rather than renting, the percentage of urban home owners in that province being, as already stated, 54½, or the highest in the Dominion after P.E.I. and Saskatchewan, and almost equal to these two provinces.

Taken as a whole, these figures are gratifying in that they reveal Canadians as a home-loving and home-building people, in marked contrast to the manner in which the residents in the big United States cities are hived in blocks and apartment houses and dependent on restaurants, lunch counters and cafeterias. This home building characteristic of Canadians is reflected in the health of the people and the low death rate in this country as compared with other countries.

The only fly in the ointment, so far as Western Canada is concerned, is found in the fact that building lots in most if not all our Western cities and larger towns are held at too high a price, thus acting as a deterrent to home building. In view of the vast vacant acreage in which these centres of population are located, and the ease with which they can be extended, if necessary, prevailing prices for vacant city and town lots are, in many instances, absurd. They are a relic of the speculation indulged in during "boom days."

Home building by young people about to be married should be widely encouraged. It makes for permanence and happiness in the home; it is a good investment from a purely economic standpoint, while paying indirect dividends in better health than living in an apartment or block. The town or city which encourages its citizens to build and own their homes is found to be more attractive, more substantial, more prosperous, than one where a large percentage of the residents are renters, moving about from house to house, and who can easily pull up stakes and depart for other scenes.

Pain Neuralgia Toothache Rheumatism

**DOES NOT AFFECT THE HEART**

**Safe** Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocetate-salts of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## World's Smallest Seaplane

Brilliant Future Predicted for New Type of Air Machine

The smallest seaplane in the world, one of which is destined to form part of the equipment of every submarine in the French Navy, has just been delivered at Suresnes. Named The Paskey, the perky little plane is the first of many dozens to be constructed.

The machine rose from the water in 9 seconds and in a few minutes attained a height of 2,000 feet. In three minutes after descending Marcel Besson had separated the machine into many parts, ready to be packed aboard the submarine.

At a convenient point the submarine can rise to the surface where the seaplane, in the time mentioned, can be assembled on deck and take the air. A brilliant future is predicted for this new type of air machine, for it is asserted that it can return to the submarine after reconnoitring and be as speedily hauled aboard.

## Pain in the Back

Yields to Nerviline

If you have failed to secure relief from other remedies, rub on lots of good old "Nerviline," the strongest, most penetrating pain relief on the market. Nerviline acts quickly on small pains and is the surest to drive out the big ones. It's because every drop of Nerviline rubs in, because it has the ability to sink in deeply that it drives away pain that ordinary ointments won't touch. Large 35c bottles at all dealers.

Linen should be hung on the line so that the weight falls on the warp threads, that is, the threads running the long way of the cloth.

## OUR WINTER WEATHER

A Trying Time for People With Weak Watery Blood

Canadian winter weather is a trying time for debilitated, run-down people. The close air of shut-up houses, lack of out-of-door exercise, the restricted diet of the season, all have their effect on weakened systems. There is always in such cases the danger of severe colds, attacks of influenza, or the still more dreaded pneumonia. There is no other time of year, when a bountiful supply of rich, red blood is so necessary; and the one way to keep the blood rich and pure and thus avoid winter trouble is through the use of Dr. Williams' Pink Pills. If, unfortunately, you have fallen a victim to influenza, or other winter troubles, this same medicine will restore your health and strength. Among those who have proved the value of Dr. Williams' Pink Pills is Miss Margaret Pearson, R.R. No. 2, Chatham. Miss Pearson had passed through a severe attack of influenza and says: "It left me so weak and run-down, that I could scarcely walk. Anemia set in and it almost seemed as if I would not pull through the winter, as I grew so weak that the least exertion would bring on fainting spells. I was under medical treatment, but it did not help me. Then one day in our local paper I read an advertisement of Dr. Williams' Pink Pills, and decided to try them. By the time I had used three boxes I felt much better, and continuing the use of the pills it was not long before I felt better than I had been before the influenza attacked me. My rapid recovery surprised my friends, and when asked 'What did you do?' I would proudly say, 'Not my doing, but Dr. Williams' Pink Pills.' To me at least, the pills have been worth their weight in gold."

As a precaution against winter ill take Dr. Williams' Pink Pills now. Sold by all medicine dealers, or sent by mail at 50c a box by The Dr. Williams' Medicine Co., Brockville, Ont.

## War Traces All Removed

There remain not a single shell hole in the Flemish countryside today and all the barbed wire, that nightmare of the infantry, has finally been rolled up. The deep wounds in the breast of the hills, once zig-zagging, have healed wondrously. Not a ruin can be discovered from the one end of Belgium to the other. It is said half a million unexploded shells were taken from the soil.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

Married men drive more carefully than bachelors, according to automobiles insurance actuaries. He travels fastest who travels alone, said the old proverb.

Athletes use Minard's Liniment.

W. N. U. 1668

## A CANADIAN BANK BILL

is guaranteed by a gold deposit in Ottawa to be worth its face value.

So every package of Red Rose Tea is guaranteed to be worth the price printed on the package—and a little more.

The best goods of any kind are usually the cheapest—this is particularly true of tea.

If you use Red Rose Tea in 1927 your tea bill will be less and your satisfaction greater.

"Every package is guaranteed."

# RED ROSE TEA "is good tea"

RED ROSE ORANGE PEKOE is extra good.

## Did Not Fear 'Plane Trip

Makes no Difference Where One Dies Says Passenger

A War Department report from Panama tells of a recent incident in which an army aeroplane carried an aged native woman 300 miles back to die among her own people in the Chiriqui country of Panama after physicians at the Panama City Hospital pronounced her case hopeless.

As the plane prepared to start, an interpreter asked the patient-passenger if she was not afraid to ride in an aeroplane.

"When one must die, one dies," she replied with a shrug of her shoulders.

## Protests Against Sale

The Nationalist Union of Bergen protested to the Norwegian government against the Danish plan to sell Greenland. The union declares a prominent Greenland department official recently left Copenhagen for Canada and it is feared he is conferring with Canadian authorities on the question of selling Greenland to Canada.

## STOMACH MISERY,

GAS, INDIGESTION

"Pape's Diapepsin" Corrects Sour, Upset Stomachs at Once

"Pape's Diapepsin" is the quickest, surest relief for indigestion, gases, flatulence, heartburn, sourness, fermentation or stomach distress caused by acidity. A few tablets give almost immediate stomach relief. Correct your stomach and digestion now for a few cents. Druggists sell millions of packages.

## Might Need Help

A travelling salesman staying at a small hotel wished to catch an early morning train and asked the proprietress for the loan of an alarm clock. She produced the clock and remarked: "We don't often use it, sir, and sometimes it sticks a bit, but if it doesn't go off, just touch the little hammer and it'll ring all right."

Some men manage to dodge enough work to keep a dozen people busy.

## Gold Mines Profitable

Profit of the gold mines on the Transvaal, South Africa, for the month of November, 1926, amounted to £1,110,254, the secretary of the Transvaal Chamber of Mines, Johannesburg, has reported.

## Children Cry For "Castoria"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates.

The genuine bears signature of

Chas. H. Fletcher.

## Poisoned By Radium

Woman Was Infected While Painting Clocks Says Doctor

Radium poisoning, according to the Medical Examiner's office, was responsible for the death, in the Presbyterian hospital, New York, of Miss Elizabeth Webb, 25, of Waterbury, Conn.

It became known that Miss Webb had been employed for some time in painting clocks and similar objects with radium paint. She became ill and was removed to the hospital, where every effort was made to check the poison, which causes bone rot, an effect similar to that caused by cancer on flesh.

## Children's Colds

Are best treated externally. Check them overnight without "dosing" by rubbing Vicks over throat and chest at bedtime.

## C. N. RAILWAY ESTIMATES ARE TABLED IN HOUSE

Ottawa.—Hon. J. A. Robb, Minister of Finance tabled estimates of \$21,000,000 for the Canadian National Railways for the present fiscal year. The estimates are the same as were brought down last session less \$10,000,000 then voted.

An estimate for \$1,600,000 for the Canadian Government merchant marine was also tabled by Mr. Robb. This represents the main estimate for the Merchant Marine of last session less \$200,000 then voted. The total appropriation to the Canadian National and the Merchant Marine in the estimates is \$21,400,000.

They are classified as loans. Five petitions asking for the transfer of the natural resources of Alberta to that province without interference, were presented in the House.

A pension not to exceed \$2,500 per annum for Canadian winners of the Victoria Cross in the Great War is suggested by T. L. Church, M.P., Toronto.

A bill to amend the Railway Act by the establishing of special freight rates on coal was introduced in the House by Mr. Church. It received first reading. The Toronto member said coal should be carried on the same special rate basis as grain and flour.

E. J. Garland, U.F.A., Bow River, has placed a resolution on the order paper declaring that Canada's prime minister should be under obligation to obtain the sanction of the majority of the House before advising His Excellency the Governor-General to dissolve parliament.

A measure to give financial assistance to the Royal Agricultural Winter Fair Association will be introduced by Hon. W. R. Motherwell, minister of agriculture.

Notice has been given by the Government of legislation for establishment of rural credits, old age pensions, for revaluation of Soldier Settlement lands, for the penny post on drop letters and abolition of tax on receipts. The legislation was before the House last session but failed to become law. Furthermore the Government is bringing down a bill for a loan of \$12,000,000 to the Montreal Harbor Commissioners and a bill to confirm the scheme of arrangement of August 26, 1926, with the holders of four per cent. debenture stock of the Grand Trunk Pacific Railway.

## Immigration Shows Increase

January Report Shows More Arrivals Than in January 1926

Montreal.—As an indication that a substantial increase in immigration to Canada will be experienced this season it is stated by the Canadian National Railways that arrivals at the Atlantic port of Halifax so far this year show an increase of approximately 51 per cent. in comparison with arrivals during the similar period of 1926.

The month of January and the beginning of February is a period when large numbers arrive in the Dominion and an increase in the first weeks of the year is regarded as promising.

**Ontario Liquor Commission**  
Toronto, Ont.—Premier Ferguson's "strong man" for the Ontario Liquor commission will be the former president and chairman of the Canadian National railways, D. B. Hanna, the prime minister announced. The premier further announced that Mr. Hanna would be "buttressed" by two commissioners, Stewart McClenaghan, former Conservative M.P., Ottawa, and Hon. R. J. Manion, Conservative M.P. for Fort William.

**For Entertaining Queen Marie**  
Ottawa.—A modest item of \$160 is included in the statement of "unforeseen expenses," tabled in the house of commons. It represents an expenditure by Government House on entertainment for Queen Marie of Roumania in Ottawa.

**Want Shanghai Free Zone**  
Peking.—It was reported here that the League of Nations may be asked to make Shanghai a free zone similar to Danzig. Great Britain was understood to favor the movement.

W. N. U. 1668

## Byrd Enters Competition

Will Take Part in Trans-Atlantic Flight for \$25,000 Prize

New York.—Commander Richard Evelyn Byrd, air conqueror of the North Pole, will compete this spring for the \$25,000 prize offered by Raymond Orteig for the first non-stop flight between New York and Paris. The New York Times says.

A Fokker monoplane of the Josephine Ford type, in which Byrd reached the top of the world, is now being built for the flier for use in the forthcoming flight. The new machine, slightly larger than the Josephine Ford, will be driven by three Wright whirling engines of 225 horsepower each.

Just when Byrd will start had not yet been learned. The Times says, although it is believed that he will leave in the late May or early June.

His plane will have a flying radius of at least 4,000 miles, providing a fair factor of safety in the 3,600-mile trip from New York to Paris. One-third of the distance will be over land.

On his coming flight Byrd may oppose Captain Rene Fonck, the French ace, Fonck and Lieut. Commander Noel Davis, officer in charge of naval activities of the navy department, are reported to be contemplating entering the race.

Commander Byrd will probably fly along the New England coast to Newfoundland and then along the great circle to the Southern tip of England and France.

## May Visit Canada Later

Official Visit of King George Possible Says London Paper

London.—"It is to be hoped that Canadians will understand the real impossibility of King George's accepting the invitation to visit the Dominion in July," declares The Weekly Truth.

"A month's absence from England at that time of the year is so clearly out of the question that it is a wonder His Majesty should have been put in the position of having to refuse the invitation.

"Canada is near enough for the King to make an official visit one of these days," Truth continues, "But if it comes to that, so is Dublin. May we not hope that the day will come when a royal visit to the Irish Free State would be as agreeable to all parties as to any other of the British commonwealth nations."

## War Expenses Increase

Expenditures Resulting From Great War Bear Heavily on Canada

Ottawa.—Canada's expenditures directly resulting from the Great War are not decreasing. During the fiscal year ended last March, the Dominion spent \$45,968,241 on pensions, war claims, soldier land settlement and re-establishment, memorials and war graves. The sum represents a net increase of \$872,974 over the previous fiscal year. The figures do not include the interest on that part of the public debt attributable to the war.

These figures are published in the auditor-general's report.

## Germans Play British Games

Believe Sport Makes Fine Nation Says Ambassador to Berlin

London.—Lord D'Abernon, British ambassador to Berlin, has returned to England, and states that the Germans are playing most British games because they believe that sport makes a fine nation.

Lord D'Abernon's statement has been verified by the decision of the German Reichstag to vote a sum of \$285,000 in aid of the German propaganda to discover the best possible candidates for the Olympic games next year.

### Resented Wording of Sign

Miami.—For hanging out a sign in a novelty shop: "Selling out, going back North where men are men and rents are reasonable," B. Lewis Kaufman of Baltimore was convicted of disorderly conduct and sentenced to 10 days in jail.

### Sending Cruiser to China

Rome.—The Italian cruiser, San Giorgio, according to the Fascist paper, Il Tevere, will leave Naples for China about the end of the month. She will carry marines and possibly several units of Fascist militia.

## REFERENDUM IN MANITOBA ON THE SALE OF BEER

Winnipeg.—Premier John Bracken gave the Legislature an outline of the Government's policy toward the proposed referendum in the province on the sale of beer.

The Government, he said, proposes to introduce a bill which before its passage may be worded to suit all parties in the Legislature. This bill will be submitted in the form of a referendum.

The premier was answering criticism directed against the Government during the course of the debate on the address in reply to the speech from the Throne, in which Opposition leaders had inferred that the Government was trying to avoid responsibility by submitting to the people a bill from some outside source. Premier Bracken was emphatic in stating that a referendum on the beer question was justified.

Mr. Bracken outlined the Government's policy on immigration and colonization. He forecast the creation of a central agricultural development board, with sub-agencies throughout the province, to aid, direct and generally supervise settlement of vacant lands. He also intimated that a competent mining expert from the University of Manitoba would be engaged to direct the Government's work in assisting development of minerals.

### Heart Disease Ranks First

New York.—Heart disease ranks first today among the causes of death, and if nothing is done to check the present situation it will claim as its victims one-fifth of the present population. These were the figures given recently by a physician who has examined thousands of people for a leading insurance company.

### May Appeal to League

London.—England may inform the powers as soon as the occasion offers that it desires the League of Nations to intervene in the Chinese situation, the Daily News says.

## Proposed Creamery Merger

Matter is Introduced in Saskatchewan Legislature by Premier Gardiner

Regina.—Premier Gardiner's announcement of the amalgamation of the Saskatchewan Co-operative Creameries, Limited, Moose Jaw, was made in the Saskatchewan legislature. He moved the adjournment of the house in order to make his statement, which was received in tense silence. There was discussion on the statement and after the premier withdrew his motion for the adjournment, the house proceeded with routine business.

"The government has been made acquainted with the fact that the Saskatchewan Co-operative Creameries, Limited, had approached Caulder's Creameries, Limited, with a view to an amalgamation and that negotiations with this object in view have been under way for some time," said Premier Gardiner.

"It is considered by those interested that the proposed amalgamation will make possible the operation of the new company in such a manner as to greatly benefit the dairy industry of the province.

"It will be necessary, if the amalgamation is consummated, for certain amendments to be made to the present Co-operative Creameries act as it is intended that the proposed new company shall operate under the name of the Saskatchewan Co-operative Creameries, Limited, and under the Co-operative Creameries act.

"In the event amending legislation being brought before the house an opportunity will then be offered for a full discussion of the whole matter."

## Noted Singer Given Estate

Soviets Restore Part of Land Confiscated After Revolution

Moscow.—Departing from its unusual principle of nationalization, the Soviet Government has restored to Feodor Chalapin, noted singer, part of his 800-acre estate in the province of Yaroslavl, expecting that he will return to Russia soon. The estate, confiscated after the revolution, for the present will be occupied by Chalapin's wife and family, who are living in a flat in Moscow.

## HARD FOR THE JUDGES

Anyone who thinks that a judge in a beauty contest in Saskatchewan has a sinecure has only to glance at the above pictures to have that impression corrected. The beauties who are pictured above are but four of a dozen beautiful young women who are candidates for the Queen's Crown at the Northern Saskatchewan Winter Carnival which is being held in Prince Albert, March 8th to 11th, inclusive. Miss Eagle and Miss Graham are Prince Albert girls; Miss Cuelenaere is from Leask, Saskatchewan, and Miss Mary Gaston from Shellbrook. Other candidates have entered from Saskatoon, Regina, Cudworth, Blaine Lake, Star City, Kinistino, Wakaw, and Remedy.

Being Queen of the Northern Saskatchewan Winter Carnival is no empty honor. She and her court will start the big dog derby which has as its main prize the silver challenge trophy donated by Premier King and she will be enthroned in the place of honor at all the other events including the ball to be held every evening in the armories. The carnival is the biggest thing ever attempted in Western Canada and the lady who will rule it with her sceptre will have to be every inch a queen.

The photographs are by the Canadian National Railways which are co-operating to make the carnival a success.

## CIVIL SERVICE IS TO BENEFIT BY SALARY REVISION

Ottawa.—The Civil Service Commission, which for some months has been carrying out instructions of the Government for a report on salary revision, has completed its work. The report, however, which is about to be taken up by the cabinet council, may not be made public until it is considered by that body.

It is understood that a horizontal increase in salaries is recommended affecting all grades up to those receiving an annual salary of \$5,100. The change that is proposed applies both to the inside and outside service and the total increased expenditure entailed would be \$2,900,000 a year. Everybody is in line for an increase, both in the temporary and permanent classifications, and the extra money that is proposed to be provided is designed to absorb the costs of living bonus which was instituted some years ago and meanwhile has been subjected to different modifications. In some cases the civil servants will get the full amount of the bonus they originally received and in others they will not.

According to the classification, the increases vary from \$60 to \$180 a year. The lower grade employees get the larger amount. It is not proposed that the new schedule of salaries will be retroactive, but rather that they will date from the coming fiscal year. The report will be considered by the cabinet and if it is approved, the necessary financial appropriations will be made in the estimates to be submitted at the present session.

## Insurrection in Portugal

Two Hundred Persons Reported Killed in Oporto

London.—Two hundred persons were killed in the fighting at Oporto, says a Daily Mail dispatch from Vigo, quoting a newly arrived traveller from the centre of the Portuguese revolt.

A bomb fell into the room in the Grand Hotel, occupied by the United States consul, who had left only five minutes before. The room was wrecked.

Those killed during the course of the revolt included Lopez Teixeira, director of Diaro do Oporto; Alvaro Castro, Republican leader; General Norton de Mattos, former war minister; General Jaime de Morais and General Sousa Diaz.

Many of the most important buildings in Oporto, among them the public library and post office, were destroyed.

## Britain Replies To U.S.

Considered Tantamount to Rejection of U.S. Terms for Entering World Court

Geneva.—Great Britain has informed the League of Nations that she is replying to the United States on that country's world court reservations in accordance with the terms of the instrument drawn up in Geneva at the world court conference last year.

As this instrument did not accept completely the fifth United States reservation concerning advisory opinions, it is considered here that the British reply is tantamount to rejection of the conditions governing the United States' possible entry into the world court.

## Large Sum Paid Depositors

Claimants on Home Bank Receive \$2,728,282 From Federal Government

Ottawa.—Home Bank depositors have received to date a total of \$2,728,282 from the Federal Government. A statement tabled in the House of Commons showed that during 1926 the department of finance paid claimants on the defunct bank a sum of \$1,898,413. In 1925 the amount paid to claimants was \$549,869.

### Approves Slave Treaty

Tokio.—The Privy Council has voted Japan's adherence to the Geneva white slave treaty.

## MUNICIPAL ELECTIONS.

The municipal elections held in connection with the town of Didsbury on Monday received a little more attention than for some years past. An election itself was almost a novelty after a long series of nominations and acclamations, and a general hope is expressed that this indicates a greater interest on the part of the rate-payers.

The results of the election on Monday were given out by the Returning Officer as follows:—  
 Roger Barnett ..... 102  
 J. V. Berscht ..... 98  
 S. Tighe ..... 76  
 J. E. Liesemer ..... 69  
 Otto Kruger ..... 51  
 Ten ballots were rejected.

Gale Swingle's auction sale on February 8th was a wonderful success and attendance was unusually big.

Pearl Ruby wishes to announce that Mrs. Patterson takes over the hair-dressing business on and after February 17th. She will be in town two days each week.

The funniest and truest film of marriage mix-ups at the Didsbury Opera House on Saturday. A rollicking, frolicing play.

Norma Shearer in "Upstage," at the Opera House on Wednesday of next week, February 23rd. A great star in a thrilling film.

Owing to the limited amount of space at its disposal this week the Pioneer has been compelled to hold over other local news.

Notwithstanding the cold weather prevailing there was a large number of buyers at J. H. Jaynes' auction sale on Tuesday and the sale was a complete success in every respect.

## I.O.D.E. Contest.

The following essays were written in connection with a competition held recently by the I.O.D.E.

### GENERAL WOLFE

#### First Prize

General Wolfe was born in a mansion in Westerham, Kent, on the Second of January, 1727. The mansion is now a public building called Quebec mansion.

Wolfe began his military career when only thirteen years of age. He went with his father to Blackheath, but the fleet was delayed and did not sail for two months. During this time Wolfe became ill and was sent home.

The next year he was made second lieutenant in his father's regiment which was sent to Germany. Here Wolfe gained much fame for his ability as a leader. After returning from Germany he spent a year in Scotland. He then returned to Germany, it was not long before he fell ill and was sent back to London. Wolfe was anxious to learn, so he went to Paris where he learnt how the foreign armies were handled.

After the war in America had been going against the English Pitt appointed Wolfe as one of the military leaders for America. He was second in command in the capture of Louisbourg and when the siege of Quebec was planned he was appointed as the leader.

As his small fleet sailed past Quebec there were entrenchments for eight miles along the banks behind which were 14,000 French and Indian allies. The city was also protected by 2,000 soldiers.

Wolfe landed his troops on the Islands of Orleans and made several attacks, but was unsuccessful. Then by a clever plan he scaled the heights to the plains of Abraham and there was victorious over the French. During the battle he was wounded and did not die before the victory was won.

Reta Herber

### GENERAL WOLFE

#### Second Prize

General Wolfe was born the 2nd of January, 1727, in a Vicarage in Kent, England, where his mother was visiting at the time. He had one brother whose name was Edward. His father was a lieutenant-colonel in the British Army and his mother was a good woman and dearly loved by her two sons James and Edward. The earlier part of his life was spent in Westerham, Kent, and when he was twelve years of age his family moved to Greenwich to be near his father.

When General Wolfe was fourteen years old he became second-lieutenant of his father's regiment. His brother Edward joined the army too but he died from wounds received in battle.

After some years James was made a General in the British Army and when the war between France and England over Canada began he was sent over with a large army to help fight. When the army landed, there were 3,000 French guarding the shores of America but when they saw the army they fled. General Wolfe was a clear headed man. The battle in which General Wolfe was killed was fought on "The Plains of Abraham." He was never married so his mother was alone in her sorrow. Britain being happy over the victory also sorrowed in the sad death of her hero.

He died in the year of 1759. Being thirty-two years of age. Although two hundred years have past we still remember him. On the 3rd of January in London, England, they hold a banquet in commemoration of him. His body was embalmed and they buried him beside his father. Sidney Hall

## Auction Sale.

Under instructions from the owner C. B. Post, I will sell by public auction at the farm one mile west and one mile south of Bergen P.O., Alberta, on Thursday, February 24th the following:

## How to Make Money from Sheep.

Valuable New Booklet Issued Free by Bank of Montreal

We have just received from the Bank of Montreal a copy of a booklet entitled "Sheep for Mutton, Wool and Money," which is being issued for free distribution to all who are interested in the subject.

The booklet is intended mainly for the farmer who wishes to keep a small flock of sheep as a profitable side line, and for this purpose it constitutes a reliable and handy guide to the various breeds and types, and to the most approved methods of rearing them and making them pay.

Something like 150 photographs, with diagrams and descriptions covering every phase of the subject, are comprised within the 50 pages of the booklet. The introduction is written by the Dominion Animal Husbandman, Mr. G. B. Rothwell, of the Central Experimental Farm at Ottawa. He summarises the essentials of profit-

## An Outstanding Ford Improvement

### The Hot Plate VAPORIZER

### Now Standard Equipment

The Ford Hot Plate Vaporizer is the most advanced improvement on the Ford engine in the last nineteen years. It produces a perfect fuel mixture which burns to the last atom because it is completely vaporized.

#### The Ford Hot Plate Vaporizer

#### Gives these Advantages

- 1 Gasoline burns more readily and completely.
- 2 More even distribution of fuel to the cylinders affords smoother performance.
- 3 Crank case dilution is eliminated.
- 4 Better cold weather performance and easier starting.
- 5 Even when low grade fuel is burned a remarkable improvement is obtained in engine performance.
- 6 Greater power and more mileage per gallon.
- 7 One setting of carburetor is sufficient for all weather and driving conditions.
- 8 Greater flexibility, particularly at low engine speeds.

**[ IMPORTANT: Present owners of Ford cars and trucks can have the Ford Hot Plate Vaporizer installed by their Authorized Ford Dealer. ]**

able sheep keeping, and incidentally remarks that at the present time there is possibly no more profitable line of livestock or one in which less labor or equipment is involved, than sheep raising, particularly as it applies to the small farm, or as part of a mixed farm. The booklet was originally issued by the International Harvester Co. for distribution in the United States. Recognizing its value, the Bank of Montreal secured the rights for Canada, and had a new edition revised and prepared by Canadian experts to make it suitable for Canadian conditions. Copies of this edition are available to all, whether customers of the Bank or not, upon application at the local branch of the Bank.

Strange, Romantic Love Adventures of the Flapper you know

# Joanna

by H. L. GATES

Copyright 1923 by H. L. GATES

Published by arrangement with First National Pictures, Inc.

## CHAPTER XXVII—Continued

He would have made his speculations and sought to hint of the mystery which was to be revealed upon the open air stage, but he was suddenly conscious of a stiffening of the slender body that stood close to him. He followed Joanna's gaze and saw two figures crossing the terrace which faced the Trilanon.

John, in flannels and blue, his strong, well set form bearing its new pulse of easy confidence, stood for a moment with Yvonne at the top of the terrace steps between two stone images. Yvonne was very youthful and beautiful in the orchid tones she affected for tennis and golf. The single golf stick John carried was evidence that they had come in from a round of holes over the little Amette fairway that stretched across the ravines and flat spaces of Cap Martin. Brandon saw that Yvonne looked often into the face of the man beside her; and that she rested her hand on his sleeve, and fluttered it about his wrist. And he saw, too, that Joanna watched, and that the marks of her teeth were redder than the flesh red of her lips.

Brandon reached down and found Joanna's hand. He gave her fingers a gentle pressure. As if something startled it, her body relaxed. And as if she were announcing the conclusion of some very deep considerations, she said:

"I have decided to have the trolleys roof that will be over the crowd when it gathers here for my little surprise, made with mimosa blossoms. I must have them gathered. It will take a great many."

"Have you chosen them," Brandon asked softly, "because you like their heavy, intoxicating perfumes, or because they reveal so many colors, and in their form are snake like?"

She waited a moment, and then said, irrelevantly it seemed: "The perfumes of mimosa either steal one's senses or lull them. They seem to match so many people."

They went toward the house, but stopped at a bench under a natural harbor that enclosed a tiny garden. Brandon gently urged her onto the bench and sat beside her.

## An Everyday Story

Evans' Studio

## Francis Henry Cook

London, Ont.—"I was in a general run-down state of health. I had indigestion and my stomach was weak and so sore I could not bear to touch it. I got where I did not have any health at all, was not able to follow my usual line of work. I saw where Dr. Pierce's Golden Medical Discovery was recommended for stomach trouble so I decided to try it and it relieved me of my indigestion and weak stomach, also the abdominal distress and built me up in health. I can highly recommend the 'Golden Medical Discovery' to anyone who suffers as I did. It is excellent!"—Francis Henry Cook, 471 Elizabeth St.

All dealers. Extra large bottles, liquid \$1.35; Tablets \$1.35 and 65c. Write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for free advice.

Is now ready for distribution. If interested in investments write for copy.

NAY & JAMES  
REGINA, SASK.

Established 1905

"Were we?" she asked, looking at him, coolly. "You were telling me that Yvonne is following the only honest path for a woman to take; that she is going straight to the goal of her desire. I believe you said that she must see some promise of novelty in stirring John's madness, and satisfaction in proving that she could go where only an angel would be welcome. You had gone so far as to advise me that it was time I drop my pretenses and take love as I find it. I didn't know you were particularly trying to get anywhere."

Brandon, who had remained on the bench when the girl stood, rose. If there was a mask to drop his fell for a fleeting moment. He caught Joanna's arm and swung her about until she stood close and looked up into his face. But when he spoke his voice was like the smoothness of the motor in her Daimler car. It purred. And it was insolent.

"I said all of that, and more," he murmured. "I said that you were a cheat; an impostor in the order you have chosen to enter. You are playing every night and day of your life with flame, and foolishly think you aren't being burned, but you are. The deadliest burning, you know, is the kiss of an invisible fire that goes deep before it pains. You are being scorched by the ridicule of those who know that you only pretend that you don't understand Kenilworth, Michael, and the others, and the contempt they have for one who tries to be discreet but is only deceitful. We had got that far."

For an instant anger flamed in the gold brown eyes that looked up into his; she trembled, and the tangerine glow came into her cheeks. Then she was calm, again, and inscrutable.

"But what, futile progress!" she mocked him. "You read me a lesson from a book I learned by heart, long ago—when I was Twenty-seven of the silks. It used to be, you know, that we needed to be told that if we invited we would be expected to accept; that if we made ourselves into a welcome sign we might as well say 'come in.' We've learned all that now. And we know when to say 'come in' and when to say 'go to the devil!' How much further did you think to go?"

He still spoke softly; still reminded her of the low hum of the motor in her car. "Far beyond all of that, my dear Joanna! Up to the very edge of all your make-believe." Suddenly his manner changed. He dropped the hand he had held with a tight nerveless clasp. His smile came back to the corners of his mouth. He spoke airily. "But the moment has fled, hasn't it?" he exclaimed. "One must not profess love and make its demands and propose its bargains when tempers are out of tune; should they?"

She regarded him from half closed lids before she spoke. Then she said:

"You are the cheat, you know. Be-

cause you hadn't said anything about love! You'd been trying to get where-ever you were starting for without that part of it. Next time, remember. Neither Roddy nor Michael were so clumsy as to forget."

And she turned away and left him. (To Be Continued.)

## Lends Zeppelin for Exploration Purposes

Hugh Eckner Places Big Ship at Disposal of Soviets

The Soviet Official Agency announces that Professor Eckener, director of the Zeppelin Company, has placed at the disposal of a company which is being formed in Leningrad, a Zeppelin airship for a flight to the polar regions for which preparations are being made.

The flight is to start from Leningrad and continue via Murmansk to the various Soviet Arctic territories north of Alaska. The Soviet announcement says that a series of exploration flights are intended, but does not mention the date of the start.

## HOW TO RELIEVE CHILDREN'S COLDS

### Avoid Serious Results by Using Baby's Own Tablets

When a child shows the first symptoms of a cold, such as sneezing, redness of the eyes, clogged or running nose, prompt measures of relief may avert serious results. Mothers should always have on hand some simple, safe and effective remedy for immediate use.

Baby's Own Tablets act quickly, contain no opiates or narcotics, are tasteless and harmless. Mrs. Joseph Cadieux, Holyoke, Mass., says:—"I have used Baby's Own Tablets for my children and find them a very satisfactory medicine. When my little boy had a cold I gave him the Tablets at night and he was well next day. I give them to the children for constipation and they always do good. I think Baby's Own Tablets are much easier to give a child than liquid medicine. I recommend the Tablets to all mothers who have small children and believe they should always be kept on hand."

Baby's Own Tablets are sold by all medicine dealers or will be sent by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Little Helps For This Week

Rich toward God.—Luke xii, 21.

Richest are they That live for Christ so well, The longest day Would scarce suffice to tell In what wide ways their benefactions fell.

Rich with no very great things, but with the little daily self-denials, the speaking a cheerful word when the heart is weary, the patient, steady performance of duties that come with every returning day;—little things, and yet they contain the riches with which God is well pleased.

—Rose Porter.

Where there is most of God, there is least of self.

—Benjamin Whichcote

**Freedom from Asthma.** Asthma is one of the most distressing troubles, sudden in its attacks and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. D. Kellogg's Asthma Remedy is the one help which can be depended upon. If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

### Should Pay for Protection

Writing in the London Sunday Observer, Colonel Right Hon. Josiah Wedgwood, Labor Member of Parliament, suggested that as Britain gets nothing by her protection of Egypt, she should transfer the protection of that country to Italy. Or if Egypt wants Great Britain to insure her external peace, she should pay Britain about \$3,000,000 annually.

Miller's Worm Powders will purge the stomach and intestines of worms so effectively and so easily and painlessly that the most delicate stomach will not feel any inconvenience from their action. They recommend themselves to mothers as a preparation that will restore strength and vigor to their children and protect them from the debilitating effects which result from the depredations of worms.

When a load of coal is purchased instead of going to the buyer it usually goes to the cellar.

Relieve Asthma with Minard's Liniment.

## India Desires Autonomy

Lord Willoughby Says Conditions in the East are Changing Fast

"If we show a real desire to assist India to get control of her own affairs, and help the Indians to be masters in their own houses, I believe India will want us to stay with her for many long years," declared Lord Willoughby in an address before the Canadian Club at Ottawa. His Excellency related some reminiscences of his term as viceroy in India for 11 years.

"We must always remember," continued the Governor-General, "that the East is changing very fast and that India is determined to have more responsibility in regard to the administration of India's affairs and determined to be treated on a basis of equality."

In his 11 years' administration of India, Lord Willoughby had found Indians on the whole loyal, very responsive, very friendly and very amenable to the laws of the land.

The Governor-General also expressed his thanks for certain assistance Canada had rendered in the work of development of India, while he was located at Madras.

There may be other corn removers, but you will not be completely satisfied until you have used Holloway's Corn Remover.

An orchid garden, containing 7,000 plants, has been taken over by the Missouri Botanical Garden from C. W. Powell, of Balboa, Mo.

## CHAPTER XXVIII Lady Weymouth

A car, turning in at the Amette gate and rolling up the road to the veranda of the villa, reminded Joanna that Lady Weymouth, Teddy Dorminster's sister, had telephoned early in the morning that she would like to have a come out for a chat. "Something rather personal between you and me, my dear," she had said in her impulsive, staccato way. "You may give me a cup of tea, and a brandy and soda and when we've had a chat show me over the grounds, if you will. I am all excited by what I hear of the preparations you are making for your big affair."

Brandon frowned when Joanna got up from the bench and insisted that she must go to the house to greet her visitor.

"But we were just beginning to get somewhere, weren't we?" he protested.

## Smash Beef Prices FOR CASH.

We have too much beef, in fact several carloads, on which we must realize money. In order to do this we will sell BEEF AT BARGAIN PRICES. This is all CHOICE BEEF, guaranteed tender.

### Church Announcements

#### EVANGELICAL NOTES.

Next Sunday evening sermon will be a continuation of the Chris-  
tian Pilgrimage series. The Pil-  
grim, having climbed the Hill of  
Difficulty, we now find him rest-  
ing in the "Palace Beautiful" on  
the top of the hill. This will be  
the evening sermon subject.

March 31st is the closing date of  
this conference year - now only six  
weeks off.

Rev. L. H. Wagner, P. E., Sup-  
erintendent of Missions, was a vis-  
itor at the Ev. parsonage and sev-  
eral other homes last Saturday.

We are glad to note that Mr.  
Clint Reiber is able to be out again  
after his injury in a hockey game  
about two weeks ago.

The Tuxis and Trail Ranger  
Boys had a very successful Father  
and Son Banquet last Thursday  
evening. Mr. Gordon Lapp, the  
Boy's Work Board secretary of  
Alberta, was the speaker of the oc-  
casion.

A very pleasant evening was  
spent at the home of Mr. and Mrs.  
J. Berscht last Friday evening by  
the Ladies' Aid and their hus-  
bands. About forty-five were pres-  
ent to enjoy the fellowship of this  
annual gathering. The ladies fur-  
nished a very interesting and suit-  
able program, which was followed  
by a period of social activities.  
Then last but not least was the ser-  
ving of a generous and tasty lunch.  
On the whole, the evening was  
much enjoyed by all, and much  
credit is due the hostess, Mrs.  
Berscht, who is also the President  
of the Aid Society, for the success  
and pleasantry of this occasion.

### KNOX AND WESTCOTT UNITED CHURCH.

Sunday afternoon the minister had  
no difficulty in reaching Lone Pine  
Hall and was joined there by a good  
congregation, many coming by car.  
No one seemed to notice that a storm  
was getting up and by the time the  
services were over the roads were well  
nigh impassable. Three cars worked  
back together for about four miles  
team and snow shovel materially aided  
their slow going. About six o'clock  
a little blizzard was blowing and by  
the best calculations it would take  
two hours more to reach town. At  
the storm did not let up for some  
time, it was decided not to attempt  
the trip. The evening services at  
Didsbury were therefore postponed.

Monday it took three hours to cover  
about thirteen miles by car. Or  
stretches of the road one could travel  
at a good speed, but where the shrub  
bery grows along the road the snow  
collects. The writer noticed that on  
farm had nearly a mile of such shrub  
bery just inside the fence and the  
main road was blocked for this dis-  
tance. It should be a religious duty  
to keep the main roads open. In  
case of an emergency it may be the  
means of saving a life. If wide run-  
ners were adopted, all would benefit  
and distances be cut in half. The  
object is worthy of consideration and  
action.

SUNDAY, Feb. 20—Subject, "Social  
Nobodies and Their Growing Import."

### LUTHERAN CHURCH.

Westcott—10.30 a.m.

Didsbury—2.30 p.m.

Both services will be conducted  
in the German language. A  
cordial invitation is extended.

Pearl Ruby wishes to announce  
that Mrs. Patterson takes over  
the hairdressing business on and  
after February 17th. She will be  
in town two days each week.

### OBITUARY.

Considerable sympathy has  
been expressed for Mr. and Mrs.  
Vipond in the loss of their daugh-  
ter, Jessie Elizabeth, which took  
place at Calgary on Sunday, Feb-  
ruary 6th, following an operation  
for appendicitis.

The young girl had just passed  
her twenty-first birthday, and at  
Westcott where she was living  
with her parents, her popularity was  
widespread and her death naturally  
has created a great deal of regret  
among her many friends. Mr.  
and Mrs. Vipond are among the  
oldest residents of the district,  
having resided here now for twenty  
six years, and both in town and  
country, the sympathy for them is  
general and sincere. The funeral  
of their daughter took place at  
Westcott on Wednesday.

jars; clothes drying rack.

### PARLOR
